Year : II Year

PROBLEM STATEMENT:

Scholarship Management and Verification Portal

PROBLEM DESCRIPTION:

Design and develop a comprehensive portal for scholarship management and verification portal that digitizes manual processes, provides role-based access for administrators, staff, and users, automates workflows, generates analytical reports, sends real-time notifications, and integrates securely with institutional systems to improve operational efficiency, transparency, collaboration, and user experience

ABOUT OUR PROJECT:

A full-stack web application for streamlining scholarship application, verification, and approval through secure role-based access. The project was created with the contribution of all three members.
